To whom it may concern:

It is my pleasure to write a letter of recommendation for Jeremy Dixon for a position in your organization. I've enjoyed getting to know Jeremy during his time at Ouachita through our interactions across multiple areas.

Jeremy is one of the friendliest students I have known in my time as the Dean of Students. He connects well with his classmates and has an easy countenance. Jeremy is a clear uniting presence among the student body, and I believe his magnetic personality and communication skills would be an asset to your organization.

As a vice president of Student Senate, Jeremy has worked alongside me multiple times on the Student Life Committee. In a room full of respected faculty members and administrators, he handles himself with professionalism and collegiality. He represents the interest of the student body with wisdom and in a way that clearly displays his ability to balance his constituents' voices with what he knows to be beneficial to the campus community—perhaps especially so even in difficult student conduct appeal hearings.

I think it would be a mistake to not hire such a dedicated, hard-working leader to your team. Jeremy is a difference maker, and I'm convinced he will be a difference maker for you. Thank you for considering my recommendation of Jeremy Dixon to your opening.

Sincerely,

Scott Haynes, MA
Dean of Students
